RECOVERYCARD

SYSTEM AND DATA RECOVERY CARD TECHNOLOGY

Canadian Exclusive Distributor

**VIRUS ?
SPYWARE ?
WORM ?
TROJAN ?
SLOW PC ?
POWER FAILURE ?
AND WHAT ELSE ????**

**Nobody is safe these days even with a good anti-virus.
Nobody is safe these days even with a good anti-spyware.
To have a good fast running computer you always have to reformat it and always have to clean it.. but it's always COMING BACK !**

The future generation of solution is AVAILABLE RIGH NOW...

The **EZRecoveryCard** is a powerful revolutionary instant recovery system technology for your PC. It provides you with the ultimate protection for any form of corruption or unwanted modification, hacking, viruses, tampering, and most other kinds of accidents **including formatting**.

The Card's objective is to eliminate computer downtime! Therefore it was designed with one main principle, **to instantly restore a computer's operation virtually no matter what the cause is!**

Developed over seven years by a top senior level security and computer engineering team specializing in recovery solutions, the **EZRecoveryCard** provides unparalleled system recovery protection **never available before**.

It installs in under a minute, protects any size disk, takes no disk space, supports up to 11 partitions, holds no data on card and **best of all it performs everything in "real-time" just by restarting your computer.**

Don't let yourself misled by imitation card !
